

Century Spring

01/5/2025

Dear Valued Customer,

Regarding Perfluoroalkyl and Polyfluoroalkyl substances (PFAs), Century Spring Corp., does not use PFAS as an intentionally added ingredient, as a processing aid at any point during manufacturing or production processes, as a known or suspected contaminant, or in the packaging used to transport materials to our facility. This information is provided to the best of Century Spring Corp's., knowledge and is based on our supplier's material certifications, Safety Data Sheets and statements.
