

Allstar Fasteners

Your Choice for Stock & Custom Cold Headed Fasteners

Allstar Fasteners is a premier supplier of a wide range of fasteners. With state-of-the-art capabilities in-house, we can combine different drive styles, head types, materials, thread types, diameters, and lengths to create the fastener you need.

We manufacture diameters #1 to 3/8" standard and M2 to M10 metric. Our length capabilities range from 1/8" to 3-1/4" standard and 3mm to 83mm metric.

Sheet Metal/Self Tapping Products

- Thread Styles: A, AB, B, BF, Particle Board, Twinfast, Lag, Deck
- All Sizes Available
- All Head Styles Available
- All Drive Sizes Available
- All Materials Available
- Standard & Metric

Machine Screws

- Course, Fine and Extra Fine Thread
- Matpoint Thread
- Per print lengths and thread Lengths
- All Head Styles Available
- All Drive Styles Available
- All Materials Available
- Standard & Metric

Thread Cutting Products

- For Plastic/Wood Applications: 17, 25, BF, YB
- For Metals/Die Cast: 23, F, 1
- All Sizes Available
- All Head Styles Available
- All Drive Styles Available
- All Materials Available
- Standard and Metric

Thread Forming Products

- For Metal and Plastic Applications that Require the Forming of Threads
- For Metals: "HPTR" (taptite equiv), C, CA, "HPTR-CA", U-DRIVE
- For Plastics: "PTP" (plastite equiv) (48°-2, 60°-1, 45°-1),
- Hi-Lo, EJOT/PT, HiRiser, Starglide
- All Sizes Available
- All Head Styles Available
- All Materials Available
- Standard and Metric

Shoulder Screws

- Custom Thread/Shoulder Lengths to Meet Specific Applications
- In-house Die Making and Secondary Shaving to Meet Necessary Designs
- All Sizes Available
- All Head Styles Available
- All Materials Available
- Standard and Metric

Trimmed Head & T-Bolts

- Square, Hex, Oval and Custom Designs
- Custom Per Print T-Head Bolts/ Screws
- All Sizes Available
- All Materials Available
- Standard and Metric

Locking Patches & Adhesives

- Multiple Local Sources Available to Accommodate Customer Needs
- All Colors, Materials and Configurations Available

Knurled & Ribbed Products

- Terminal Screws, Carriage Bolts, Knurled Thumb Screws
- Per Print Rib/Knurled Count, Length, Diameter
- All Sizes Available
- All Head Styles Available
- All Material Available
- Standard and Metric

Tamper Resistant Products

- Drives Designed For Applications That Require A Specific Tool/Driver To Remove
- Drives Include: Pin-in Six Lobe/Torx, Pin-in Hex Socket, One-Way Slotted, TriWing, Spanner, Holt, Avsafe
- All Sizes Available
- All Heads Available
- All Materials Available
- Standard and Metric

Socket Products

- Socket/Allen Drive
- All Sizes Available
- All Head Styles Available
- All Materials Available
- Standard and Metric

Sems & Washer Assemblies

- Sems Screws Offer An Affixed Metal Washer For Efficient Installation
- Standard Sems Washers & Custom Sems Washers
- All Sizes Available
- All Thread Styles Available
- All Materials Available
- Washer Assemblies Offer Assembled Over the Thread (press-on) Washers In A Variety of Materials and Configurations
- Standard and Metric

Serrated Products

- In-house Die Making Capabilities Offer Wide Range Of Serration Designs
- Locking, Reverse, Paint Scraping, Nibs, Lines
- All Sizes Available
- All Head Styles Available
- All Materials Available
- Standard & Metric

Shaving & Secondary Operations

- Shaving Capabilities Include Pointing, Captivating, Groove, Undercut
- Largest Shaving Department In The Industry
- Drilling and Tapping Including Through Hole, Cross Hole, Internal Drill & Tapping
- All Sizes Available
- All Materials Available
- Standard and Metric

Process Capabilities

AllStar Fasteners, your domestic cold heading factory specializes in fast delivery of custom parts, stock hardware, fasteners, and related items. We're known for our fast quoting, shipping stock the same day, flexible minimum order quantities, and the ability to provide custom parts on short notice. AllStar Fasteners manufacturing services support your unique needs with diverse manufacturing capabilities. We manufacture components to US and metric sizes, with a large selection of diameters, lengths, materials, threads, and drive styles. We also offer an extensive list of finishes and plating options.
